B.Veerashetty

Boduppal,Telangana | 8686824714| veerubiradar124@gmail.com

Objectives:

 A Passionate and results-driven **Backend Developer** with a strong foundation in **software development**, specializing in building **scalable and efficient backend systems**. Proficient in **Node.js, MySQL, and RESTful API development**, with expertise in **security, authentication, and database management**. Adept at designing **modular and maintainable applications** while staying updated with the latest technologies. Seeking a challenging opportunity to leverage my skills in **backend development and software engineering**.

Technical Skills:

- **Programming Languages:** Java, JavaScript, OOPs
- **Web Technologies:** HTML, CSS, JavaScript
- **Backend Technologies:** Node.js, RESTful APIs
- **Databases:** MySQL
- **Tools & Version Control:** Git, GitHub, Visual Studio Code
- **Other Skills:** Authentication & Authorization (JWT), API Development

Education:

Sreyas Institute Of Engineering And Technology | Hyderabad, Telangana Data Science | 05/2025

- Currently maintaining a **7.0 CGPA** in the **final year**

Narayana Junior College | Hyderabad, Telangana
MPC | 04/2021

- Successfully completed Intermediate with an outstanding score of **800/1000**

St Hannah's High School | Hyderabad, Telangana
SSC | 03/2019

- Secured **9.0/10 CGPA**

Projects:

Project Title: Restaurant Food App with User Authentication and Authorization(node.js**)**
Description:

- Developed a restaurant food application using Node.js and MySQL.
- Implemented secure user authentication and authorization using token-based mechanisms (JWT).
- Structured the app using modular routers and controllers for efficient route handling and separation of concerns.
- Enabled users to register, log in, and perform role-based operations (user/admin) ensuring data privacy and security.
- Utilized MySQL database to manage food items, orders, and user details.
